

Bridges2Honduras

Kaylee worked in the Pharmacy explaining how to take each medication prescribed by the doctors.

June 11-14th Lexington Church of Christ was here conducting a medical brigade with MUR. Some of our Corquín Christians and friends served with us all week. What a blessing!

Snuggle-time while mom has her vision checked. It's a hard job but someone had to do it!

Thank you for your continued prayers on our behalf. Below is a list of our daily prayer requests.

Sunday

God raises up leaders within the local church body

Monday

Our plans and actions are guided directly by God and that He gets the glory in everything we do

Tuesday

Men's & Women's Group Bible studies and children's classes

Wednesday

Individual Bible studies with non-believers

Thursday

Mid-week Bible study

Friday

DESEO program

Saturday

CRESCO program

Medical Brigade and The Unexpected

With the medical brigade coming to Corquín the second week of June, we, some of the Corquín Christians and a few men from MUR set out on the task of personally handing out 1,200 tickets in the first week of June. During the brigade, we were able to attend to over 900 individuals! All received a personal consultation with a doctor, free prescribed medication as well as a month's supply of vitamins. We also offered a free eye exam and complimentary reading glasses to those that needed them. The look of pure joy on the faces of those being able to once again see words on a page was priceless! Thank you, Lexington Church of Christ for making all that happen!

Now for the Unexpected Blessing from God...

On our first day of handing out tickets, Vilma took me down a few narrow back roads I had not explored. At one point I thought we were just looking for a wide enough place to turn around, but she had a certain location in mind. We arrived at a very small community and started going house to house to hand out tickets. Upon arriving at one house, we were greeted by several women. After giving out our tickets, we invited them to our women's Bible study that meets on Tuesdays (the next day) and our Thursday Bible study. One woman in particular looked particularly joyful and said that they would be ready to go the next afternoon. I told them that I would be there to pick them up at 5:30pm but wasn't sure if they were serious or if they were just saying that because we just gave them tickets to the medical brigade. Well, they were serious! *(continued on the next page)*

The Unexpected... *continued*

The next day, Vilma and I were met by a crowd: men, women and children. After explaining again that Tuesday evening was just class time for women and children, nine people climbed into my car in the space designed for five, and we took off down the road! Since that evening, Tonito has volunteered to help give rides on Thursday evenings and Sundays allowing for everyone to attend. There has been a consistent group of 12 or more who come to each event. A few points of interest about this community...they have no electricity, they do not own any vehicles, they don't have phones and it normally takes them an hour and a half of walking back roads to get to Corquín.

Now for the rest of the story...if that wasn't enough! The woman I mentioned, who looked extremely joyful when we offered a ride to the Bible study, had reason to be joyful. She told me the following week that on the Sunday before we arrived, she was sick in bed and praying to God. She was apologizing to God that she didn't go to church but that in her health she couldn't walk that far. She asked Him for forgiveness and for His help. So, the following day when we arrived, she was actually witnessing God's immediate answer to her prayer! She was filled with joy and thankfulness. What a blessing it is for God to allow us to be a part of His answer to her prayer. "Ask and it will be given to you, seek and you will find, knock and the door will be opened." God is awesome! He continues to seek and save the lost! I encourage you to ask someone to study the Bible or come to church with you; you never know, God may be using you to answer their prayers.

Above: Thursday night Bible study June 7th with our new visitors. Over 60 in attendance!

Top Right: Kid's Bible class ages 6-12

Bottom Right: Toddler class

On Thursday night the children's class acted out the story of when Jesus was in the boat with His disciples and He calmed the storm.

Celebrating Paula's 16th birthday at our house with her family. Paula is the daughter of the woman who I talked about last month who just died. Her mom usually made a big deal about everyone's birthdays, so this first one was really hard for all of them. We felt honored to have them over to eat dinner, play games and laugh all evening!
